2021 SCHOOL FEES

The fees for each year will be set by the School Principal in the last term of the previous year. The School Principal will take into account the needs of the school and the general economic situation. School fees are necessary to help provide the educational services for the children. It is usual to expect the fees to vary from year to year.

2021 fees will be charged for the whole year at the beginning of the year:

1 child Tuition Fees of \$828.00, plus \$260 Resources Levy per child and a Maintenance Levy \$80.00 per child. Totalling \$1168.00.

2 children Tuition Fees of \$1408.00, plus \$260 Resources Levy per child and a Maintenance Levy \$80.00 per child. Totalling \$2088.00.

School fee accounts are sent home at the beginning of each year with all fees detailed on the statement. School activities and levies are added to each family's account as students attend. A statement is then sent home at the start of every month.

Parents are encouraged to pay their fees in the most convenient way for them, be it upfront, regular payments (fortnightly/Monthly) via direct deposit or cash/cheque to the school office.

For further information, please contact the Principal.
