PARENT TEACHER INTERVIEWS

Yesterday we begun our parent teacher interviews, if your haven't booked a time please book a time through your COMPASS app or contact the school office. It has been great to hear from both teachers and parents about the positiveness of these interviews and how open an honest they have been. Teachers have been able to share specific details about student growth both academically and also socially and emotionally. We really do hope that parents leave these interviews having a strong understanding of their child's growth, challenges and future goals for the upcoming semester.
